THE AEON™ QUARTZ COLLECTION

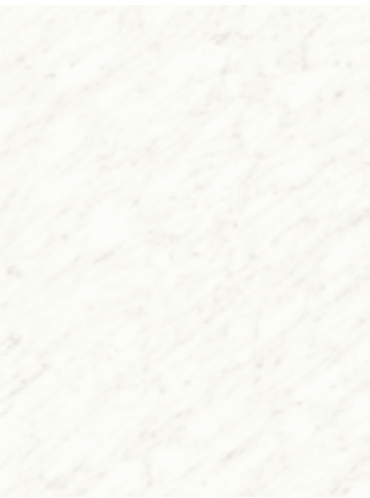

Developed taking inspiration from trends in engineered stone finishes the AEON™ Quartz Collection allows you to bring the look of quartz, with the convenience and affordability of laminate to your project.

We've created these new designs with residential and commercial applications in mind, making them available in our AEON Enhanced Performance laminate, a surface which is dramatically more durable and keeps its good looks longer. AEON™ enhanced performance outperforms traditional laminate on wear resistance, as well as scratch and scuff resistance.

Perfect for residential and commercial bench tops, cabinetry, vertical wall panels and doors, with matching digitally printed ABS edging allows for a seamless stone finish.

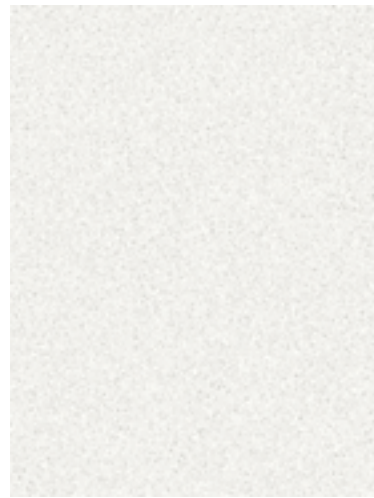

THE RANGE – AEON LAMINATE COLOURS

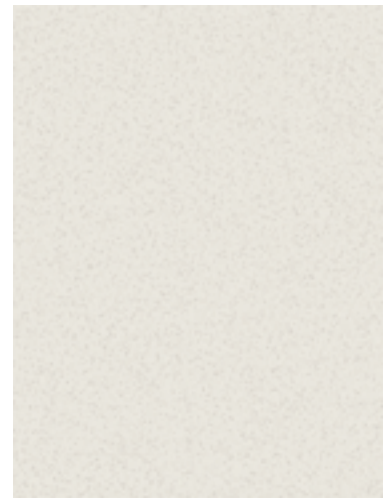

Bianco Carrara
XM086K

AEON LAMINATE FINISHES

Gloss – 01

Satin – 07

WHAT IS AEON?

AEON™ Enhanced Performance technology creates a surface which is dramatically more durable than before – a surface which keeps its good looks longer.

Instilled with Wilsonart's dedication to quality and performance, AEON™ is the product of the outstanding R&D facilities Wilsonart have available.

AEON™ is exclusive to Wilsonart's HD and Wilsonart Premium Laminate designs. Laminate with AEON™ technology outperforms traditional laminate on wear resistance, as well as scratch, scuff and mar resistance.

Why be restricted to a gloss surface in high wear laminate when AEON offers you an entire range of surface finishes to choose from, all in our enhanced performance quality. Discover the Quartz Collection in the smooth Satin of 07 finish, or the super high gloss of 01 finish.

Your peace of mind is backed up by Wilsonart's 15 year laminate warranty.
