High Pressure Laminate

A durable, beautiful, and moisture-resistant surface. Available in over 300 designs and 14 finishes. HPL with AEON™ Enhanced Scratch and Scuff-Resistant Technology performs better, longer.

Virtual Design Library

Create beyond limits. Our bold-and-broad offering includes retro patterns, repurposed woods, geometrics—virtually anything you could imagine.

WilsonartXYou

Entirely custom laminates, created with camera-ready artwork, photos, or illustrations. Showcase a brand's story on doors, headboards, walls, and more.

Compact Laminate

Make elevator interiors beautiful and durable with hard-working laminate that withstands impact from guests and their luggage.

*Versus competitive laminates with similar finishes

TFL

In the spaces guests are wine and dined, surfaces play a pivotal role. Enhance everything, from out-of-reach accents to high-touch tables and bars.

SS Solid Surface

With surfaces that are NSF compliant, you can worry less about spills and messes and more about your creative vision.

HPL High Pressure Laminate

A variety of finishes and textures gives you creative options to enhance functional spaces, plus protection from the movement of plates and glasses.

SPC Compact Laminate

Durability, value, and elegance are served. Our Compact Laminate handles knives, forks, hot cups, and occasional spills with ease.

TFL Thermally Fused Laminate

From decorative walls to tone-setting accents, our TFL stretches budgets while still making a dramatic impact.

Happy hour meets high performance.

High Pressure Laminate

Performs against fade, preserves integrity, and lowers overall maintenance. An ideal, cost-effective substitute compared to traditional veneer.

Quartz

Upscale design with a rich and luxurious appearance. A high-performance surface with the look of natural stone. Kosher certified, NSF compliant, and UL GREENGUARD Gold certified.

Compact Laminate

Made for structural superiority. Fortify a public bathroom with partitions that are tough, easy to clean, and impact-resistant, meaning they won't wear down over time.

Solid Surface

Easy to clean. Inhibitive of bacterial growth. UL GREENGUARD Gold Certified and NSF compliant. An ideal surface for restaurant and bar settings.

CS

A guest room is more than a place to rest one's head. For a while, it's home. In these high-touch environments, our surfaces coordinate with artwork, linens, and carpeting for remarkable consistency and cohesion.

HPL High Pressure Laminate

Thrives in high-use applications, including doors, desks, and dressers. Maintains its realistic woodgrain aesthetic—stay after stay, year after year.

TFL Thermally Fused Laminate

Available in over 230 designs and 9 finishes. A cost-effective solution for low-touch applications.

CS Coordinated Surfaces

Why settle for close enough? Wilsonart provides an easy-to-spec combination of HPL, TFL Panels, and Edgeband. Includes 200+ designs and 9 finishes, completely coordinated into the industry's best-matched collections.

At the end of the day, materials matter.

Thermally Fused Laminate

Perfect for places where durability is less of a concern—including door interiors, low-traffic shelving, and vertical fixtures.

High Pressure Laminate

A high-performing, wear-resistant surface—recommended for doors, high-traffic shelving, and the outside of drawers and cabinets.

SOLICOR™ Compact Laminate

Provides a clean and crisp aesthetic, edge to edge, without the brown line typically seen with traditional laminate fabrication. Ideal for tables, shelves, and wall panels.
