

The cut and edged range

SmartStyle Doors - Cut & edged

A remarkable range of Low-Pressure Melamine (LPM) panels available in custom cut-to-size doors, fully edged and expertly prepared for seamless installation. Discover the perfect blend of modern sophistication and contemporary aesthetics with our stunning flat cabinet doors or wardrobe panels, designed to enhance any space. Creating a smooth and contemporary look for your project has never been simpler.

Variety of Decors and Finishes

Consisting of 99 decors such as solid colours, woodgrains, concretes and stones the range also has 5 beautiful finishes including ultra-matt from the Traceless Collection. All are highly durable and easy to maintain. SmartStyle Doors are designed to be used in conjunction with many Wilsonart (HPL) laminate decors to achieve a cohesive design. The wide variety of decors, sizes and finishes makes it the perfect solution for every room from the kitchen, bathroom, laundry, or any custom cabinetry throughout a residential or commercial space.

The cut and edged range

Finishes

- (V) Velvet - Deeper, richer look and touch.
- (XM) Xtreme Matt - Smooth, soft finish with a natural look.
- (G) Glis - Gloss finish that reflects the light.
- (H) Hewn - Embossed textured finish replicating hewed timber.
- (T) Traceless - Smooth and silky finish that is ultra matt, anti-fingerprint and scratch resistant.

Matching ABS Edging

Crafted to be an exact match to your selected decor, they are also designed to be strong, impact-resistant, and durable. our matching ABS edges are the perfect solution for a seamless design.

Matching & Complementary
