The Traceless Collection

Surfaces you can touch ...without leaving a trace

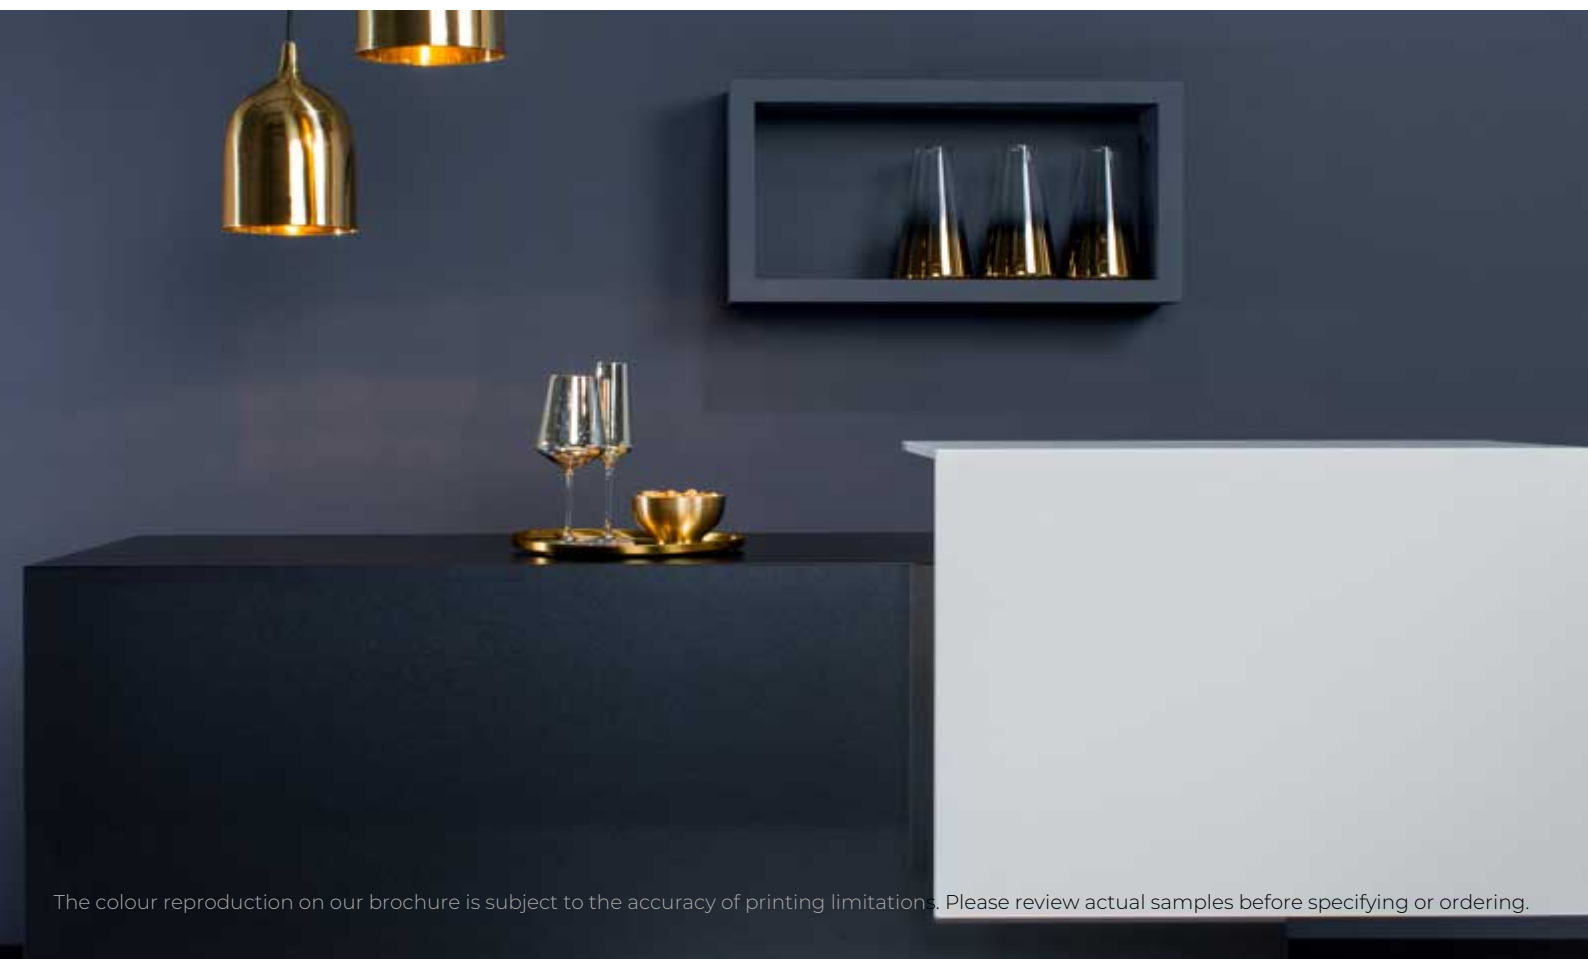

| Fingerprint Proof Technology

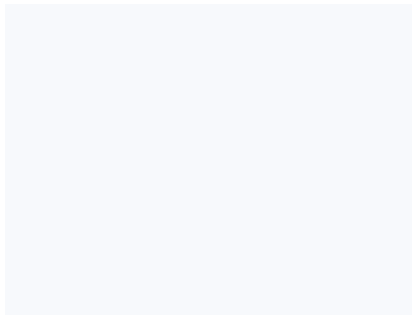

Discover a silky smooth and luxurious yet durable surface with impact and fingerprint resistant properties, perfect for applications where style is a must. Wilsonart Traceless is a high pressure decorative laminate that can be used in the most demanding interior design applications, when design flexibility is paramount.

The unique technology ensures that finger marks are almost never seen thereby substantially reducing the effort required for care & maintenance. This stunning yet highly durable velvety smooth surface is also impact, scratch & heat resistant. It does not stain & is easy to clean, making it the perfect choice for high use areas.

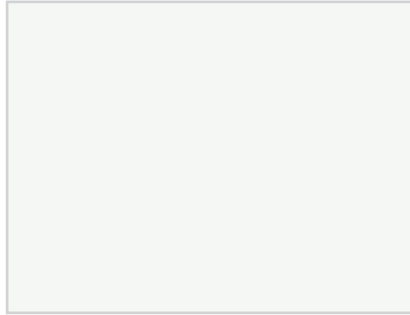

The Traceless Collection is the perfect solution for designers requiring a surface that offers the highest standards and endless commercial design inspiration.
